25% OFF

The most comfortable models in the Gilson portfolio. The more natural fit of the pipette lets you relax your grip to make pipetting less fatiguing for your hand

- + Volume locking mechanism guarantees no accidental volume change during operation which could alter accuracy and precision.
- + Ideal weight, handle shape and tip ejection for all day pipetting comfort.
- + Use in conjunction with PIPETMAN® DIAMOND tips for complete confidence in your results.

pipetman® M Connected Multichannel

This smart, Bluetooth-enabled electronic pipette is simple to use, lightweight and well-balanced for hours of pipetting comfort. Connect it to our Gilson PipetteScope™ App for pipetting insights and service calibration data at your fingertips.

Use in conjunction with TRACKMAN® Connected tablet to improve traceability and experimental reliability. When paired with the pipette, the device guides you through your protocol, displaying where, when and how much to pipette. Results can be saved and shared via SciNote for accelerated reporting.

BUY 1 MICROMAN E, GET ANOTHER HALF PRICE RELIABLE DISPENSING EVEN WITH VISCOUS & VOLATILE LIQUIDS

VALIDITY PERIOD

30/04/2020

microman®
E

BUY A MICROMAN AND GET ANOTHER HALF PRICE

The ergonomically designed MICROMAN® E positive displacement pipette, along with disposable capillary piston (CP) tips, provides the highest precision when pipetting viscous, non-aqueous liquids such as oils, blood, glycerol, and more.

Designed with comfort and performance in mind, the improved handle shape rests comfortably in your hand whilst the volume-locking switch allows for easy volume adjustment whilst minimising the risk of accidental volume change.

255 € EACH OR TWO FORM 382€

Capillary Pistons Tips

Disposable Capillary Piston (CP) Tips make direct contact with the sample, eliminating the air cushion between the liquid and the piston. Therefore volume accuracy is not affected by the properties of the sample.

No contact between the sample and the pipette protects against contamination and provides protection for the user and the pipette, even with aerosols or corrosive vapours.

PIPETMAN DIAMOND TIPS ECOPACK - BUNDLE OFFER

VALIDITY PERIOD

30/04/2020

pipetman®

DIAMOND TIPS

PIPETMAN® DIAMOND Tips are designed to fit your PIPETMAN perfectly. Each ECOPACK contains 10,000 fully-autoclavable tips (10 bags of 1000 tips). The bags are sealed with a tamper-proof, rapid-sealing strip for easy access and to prevent contamination and loss of tips. Color-coding on the label enables easy identification and compliance with Good Laboratory Practice (GLP).

Using PIPETMAN DIAMOND Tips with your PIPETMAN ensures maximum accuracy and precision and delivers consistent results.

GET MORE FOR LESS 3 for 210 €

Perfect air-tight seal prevents leaks.
Made of pure polypropylene
Volume graduations make it easy to visually check the volume aspirated.
Fully-autoclavable
